FAN BY GOLDMEDAL

# TURN ON THE *breeze*

## **INTRODUCING, TRUE MASTERPIECES. THE STORY OF PERFECTION IN MOTION.**

Considering India's hot and humid climate for the majority of the year, fans are a necessity in most Indian homes. With summer temperatures soaring with every passing year, there's now more reasons to have a fan in every room. Whether it's ceiling fans, wall fans, pedestal fans or ventilator fans, without one of these cooling appliances, you will find it difficult to stay cool and refreshed nowadays. But there's more to bringing home a fan than you thought.

Cooling technology and design has evolved so rapidly that you now have a plethora of choices when selecting a fan. From the right type to the right designs to energy efficiency, noiseless operations, lighting options, smart features, and many more — you can choose fans that meet your exact requirements. As a pioneer in manufacturing high quality wiring devices for more than four decades, Goldmedal incorporates the best in fan manufacturing technology to bring you fans that match your needs, perfectly.

Like our other appliances, Goldmedal fans are also designed and manufactured in India, keeping local climate conditions and needs in mind. We offer fans in every possible combination. Each fan is manufactured to the highest precision so that you experience superior cooling in the most energy-efficient way possible. Goldmedal fans are also designed to add aesthetic value to your room. Whether it's classical, contemporary, decorative, or smart — our fans will not only make your rooms feel cool but also look cool.

Goldmedal

SUPER DECORATIVE

## *ceiling fans*

### A SYMPHONY OF ELEGANCE & PERFORMANCE

A perfect blend of art and utility, the Super Decorative Ceiling Fans from Goldmedal are more than just devices for air circulation. Each fan can be a masterpiece of design, crafted to leave a lasting impression. Adorned with exquisite patterns and artistic flourishes, these fans offer a spectrum of designs — from bold, modern geometrical lines to delicate swirls of traditional motifs, and more, all tailored to elevate contemporary interiors with finesse. Crafted from premium materials like wood, composite, or metal, and available in finishes ranging from lustrous metallic to understated matte, they seamlessly complement any decor.

Beyond their stunning appearances, the fans boast a powerful motor for efficient air circulation that ensures comfort in every season. Select models enhance the experience with energy-saving LEDs, a user-friendly remote control, and near-silent operations. These fans represent a symphony of elegance and functionality, making them ideal for modern homes.

- Energy Efficient • Aerodynamically Designed Blades
- Attractive Colour Combination

## INTRODUCING

The Storm Series fan is a modern cooling solution, combining powerful performance with innovative features. Its high-speed motors, 3-speed settings, and smooth oscillation ensures complete comfort to suit every need. In addition, its built-in dispenser allows you to add a refreshing aroma to enhance your environment, or a mosquito repellent to protect you and your loved ones from mosquitos. Designed for durability, these fans feature corrosion-resistant metal guards and thermal overload protection. Equipped with a built-in cable winder, the Storm pedestal fan is easy to transport and store. The Storm Series offers top-notch functionality and convenience while delivering effortless cooling.

## **63 GMA - GOLDMEDAL CORPORATE HEAD OFFICE**

Introducing Goldmedal's brand new corporate headquarters, a soaring symbol of innovation and productivity. Located at the heart of Mumbai's suburbs on S. V. Road, Goregaon West, this new business center of the company is well connected to the Western Express Highway, railway station, bus stops, and taxi stands. Home to the company's management and staff, 63 GMA has been designed with a captivating layered structure that harmoniously blends together to create a visually striking and architecturally pleasing building. Its innovative design encourages the entire Goldmedal workforce to work as a team toward a common mission.

The 31-storeyed glass façade headquarters has been designed to inspire creativity, foster collaboration, and drive productivity paving the way to a world of limitless possibilities. From open-plan areas to private offices, a sky garden, private decks, and spacious meeting rooms, this center offers versatile spaces that help teams to perform efficiently, making it a perfect place for work and play. For years, Goldmedal has pioneered the electrical industry by introducing cutting-edge technology and innovative products. The new headquarters of Goldmedal, equipped with state-of-the-art facilities and amenities, will continue to lead the company, ensuring a superior work environment that reflects the company's progress and success.

With 63 GMA, Goldmedal is all set to welcome a new era of innovation that will help unlock immense potential, achieve goals, and thrive in an environment that inspires greatness.
